

I examined data from the 2018 to 2020 stock market and determine the yearly changes in the opening and closing prices, the yearly % changes, and the total volume by using VBA to loop through numerous Excel worksheets. I also determined which stock had the highest percentage increase, highest percentage decrease, and highest overall volume.

AAR had the biggest percentage gain over the years, and AYO had the biggest percentage reduction, as shown in the screenshot above. AUE did the best while considering the greatest total volume. The images that follow will all illustrate the same idea, however they have all been arranged alphabetically.
